# To Parents and Guardians

This report is sent to you each six weeks for inspection. When you have examined it, you will please write your name in the space indicated for this purpose, as an evidence to the teacher that you have received and examined the report. Then return it promptly.

The grades are explained on the card. The code is given at the bottom of the same page. This is given to try to explain to you why your child is not making better grades as diagnosed by the classroom teacher. For example, if the child received a grade of "D," the "D" indicates unsatisfactory work, below the normal expected, while the "3" indicates the cause as "Gets too much help from others." With this additional knowledge, it is hoped that the student may be led to improve by correcting the points indicated by the code. The parent will also have the information enabling him to aid intelligently.
